Possibility of Carlisle Being Counted Out.

DEATH ON A D. & R. G. W. TRAIN

Valuable Letters Found—An Irish Journal's Opinion—Cabinet Meeting—Etc., Etc.

Carlisle's Ballots.

CINCINNATI, November 8.—A story is in circulation in Covington, Ky., that Speaker Carlisle is to be deprived of his certificate of election. The ground for this action is an alleged illegality of the ballots cast for him in Campbell and Kenton Counties. It is assumed that if these are thrown out, his majority in the district will be overcome. The Kentucky law, it is said, requires the ballot shall be on plain white paper, with no distinguishing features, but Carlisle's ballots were printed on large sheets of perforated paper, so that, when the ticket was torn, the right perforations appeared on the right edge, and made them distinguishable easily from other ballots. Color is given to the story from the fact that the canvassing board in Campbell County is Republican.

Died on a D. & R. G. Train.

BOSTON, November 8.—A private dispatch says Edward C. Carrigan, a member of the Massachusetts State board of education, and a well-known lawyer of Boston, died of apoplexy yesterday afternoon on a Denver & Rio Grande passenger train. He was on his way from Salt Lake City to Colorado Springs with Mrs. Mary Irene Hoyt, for whom, with General Butler, he was counsel. Carrigan's body is now being embalmed at Salida, Colorado. Mrs. Hoyt telegraphed the above intelligence this morning. Mrs. Carrigan's half-brother, H. S. Knight, is manager of a Methodist book concern in New York. Mr. Carrigan's body will be brought here at once.

A Valuable Collection.

BERLIN, November 8.—In addition to the unhidden letters from the late Emperor Frederick found in Baron Von Roggenbach's house, the police discovered in a secret drawer in his writing desk two bundles of telegrams and letters from Frederick, written when he was Crown Prince, his wife, Queen Victoria, the Prince of Wales, Prince Alexander of Battenburg, Dr. Mackenzie, the Duke of Cumberland, the Count of Von Sieckderhoff, Herr Windthorst and others.

A Cabinet Meeting.

WASHINGTON, November 8.—All members of the Cabinet, except Vilas and Dickinson, attended a Cabinet meeting to-day, which lasted over two hours.

An Irish Opinion.

DUBLIN, November 8.—United Ireland expresses indifference at the result of the Presidential election in the United States, as it says it has friends in "both camps." Harrison, the paper thinks, owes his election to the Sackville affair, as Irish voters suspected Cleveland of being friendly with Salisbury. While it is flattering to the Irish to be able to turn the scale in such a contest, the fact is regrettable, as it is also humiliating and menacing to America that the Irish vote exists as a separate and menacing factor in American politics, because of the fact that Ireland without home rule ranks as a spearhead in the relations between the English-speaking race. It would be cheap for America to establish home rule in Ireland, even at the cost of war with Great Britain. We need not comment upon the value to England of a settlement of the Irish question.

A Rapist Shot.

GLENN FALLS, N. Y., November 8.—John Glenn, the once famous base ball player, was arrested yesterday afternoon for raping a little girl at Sandy Hill. A mob gathered and the officer drew a pistol to force a passage, the crowd forced his hand up and the pistol was discharged, taking effect in Glenn's neck, inflicting a probably fatal wound. He has been arrested for a similar offense before.

Cabinet Meeting.

WASHINGTON, November 8.—All the members of the Cabinet except Vilas and Dickinson attended the Cabinet meeting to-day, which lasted over two hours.

Election Arrests.

RICHMOND, Va., November 8.—United States Commissioner Pleasant has arrested the city board of commissioners of elections of Richmond for refusing to allow United States supervisors to be present at the count of the vote to-day.

The Turf.

LONDON, November 8.—The Liverpool autumn cup was won by Lady Rosebay, Bismarck second, Aureoline third.

Knocked to Pieces.

NEW YORK, November 8.—Jack Farrell and Harry Bartlett, of Birmingham, England, fought a prize fight last night. The Englishman proved himself too much for the noted American lightweight, knocking him all to pieces in three rounds, with four clean knock-downs.

Collision.

NEWBURGH, N. Y., November 8.—A freight train on the Hudson River Railroad ran into a passenger train at Fiskhill Landing, opposite this city, this morning. It is reported that several passengers were injured or killed.

WE take pleasure in recommending the use of Hall's Vegetable Sicilian Hair Restorer as safe and reliable for restoring gray hair to its natural color.

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the

agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health, to the use of the Great Alternative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and \$1 per bottle at A. C. Smith & Co.'s drug store.

Mexican Railways.

CITY OF MEXICO, VIA GALVESTON, November 8.—The Mexican International has decided to build a branch from Penito to Monterey, connecting with Tampico.

A train on the Mexican Railway carrying ninety-three prisoners was derailed and twenty-three cars went down an embankment. Several persons were injured and a fight between the guards and prisoners ensued.

Fire.

MILWAUKEE, November 8.—This morning the building occupied by the wholesale grocery house of Jacob Wellmer, was gutted by fire. Loss, \$100,000. Insured. Three firemen narrowly escaped death by suffocation.

A Return to Duty.

This is always desirable, and the speedier it takes place the better. Doubtless welcome is it in the case of those usually industrious little organs, the kidneys, which, when they go on a strike—so to speak—and drop work, seriously imperil health in more than one way. First and foremost, their inaction begets their disease, which is hydra-headed, including such dangerous maladies as Bright's disease and diabetes. Next, when inactive they fail to assist in removing from the blood impurities that beget rheumatism, gout and dropsy. Third, their inaction weakens the bladder. All this is preventable and remediable by the pleasant promoter of organic action, Hostetter's Stomach Bitters, at once a tonic and a regulator. This gently but effectually impels the kidneys to return to duty, and strengthens them and the bladder. Upon the bowels, stomach and liver it likewise exerts a regulating and invigorating influence, and it strengthens the system, and averts and remedies malaria and rheumatism.

Presidential Electors.

MANTI, Utah, November 7, 1888.

To the Editor of THE HERALD.

In what manner are Presidential electors elected? Please answer through the columns of THE HERALD and oblige. Manti Civil Government Class, per P. P. DYRENG.

The electors are chosen as other State officers. The winner of the party nominees are placed on the State tickets of the respective parties, and the tickets are voted at the several polling places, in the State. The citizen votes for candidates for all the elections to which the State is entitled; thus, the citizen of New York votes for thirty-six electors, and the name of each must appear on the ticket.
